We are very pleased to write this letter of recommendation to Rishi Singh and his team at Shakthi Construction Ltd (SCL) for successfully completing our 3200 Sqm, two storey Shri Shirdi Sai Baba Temple and Community Hall at 12-16 Princess Street, Onehunga, Auckland.

SCL proved to be well organized from the earliest stages of pre-construction with cost estimations, value engineering and cost effective solutions including working within available budgets.

SCL's willingness to work with the Architect, Consultants and Executive Committee Members for almost a year in dealing with various challenges and amendments to meet both religious and operational requirements ensured that the final product was well received by all. We appreciate their outstanding work and patience.

Their execution of the work was professional. They were always responsive to site conditions, and they kept all the stakeholders well informed of their process. We found SCL to be flexible and cooperative.

Throughout our working relationship, we were very impressed with SCL's attention to detail and with their commitment to doing a good quality job. We felt that SCL was a constructive partner in developing one of the iconic Temple and Community Hall within Auckland region.
